Serial No.:	09/804,406	Art Unit:	3617
Title:	DROPPED DECK CENTER BEAM RAIL ROAD CAR STRUCTURE		
Filed:	March 21, 2001	Date:	May 9, 2002

In accordance with 37 C.F.R. § 1.56, the Applicant encloses an Information Disclosure Statement by Applicant, citing fifty-three (53) United States patents, three (3) foreign patent documents and twelve (12) other cited art documents on four (4) sheets of Form PTO/SB/08A. A copy of each of the enumerated references is enclosed, in accordance with 37 C.F.R. § 1.98.

As this Information Disclosure Statement is filed after the first action on the merits, but prior to the mailing of a final rejection or a Notice of Allowance, this response is made under 37 CFR §1.97(c)(2) and a fee is required. A check for \$180 is enclosed. Please charge Deposit Account No. 15-0450 for any deficiency.

According to the terms of 37 C.F.R. §1.97(g) and (h), this Information Disclosure Statement shall not be construed as a representation that a search has been made, an admission that the information cited is or is considered to be material to patentability, or that no other material information exists.

The foregoing Information Disclosure Statement is based upon the information contained in the undersigned attorney's file as of the filing date of this statement and is inclusive of the best information known to the undersigned at that date.

The Examiner's attention is directed to the non-patent document references, particularly the RAILWAY AGE references on page 3 and 4. The location of the publisher is cited as "Boston, Conn.," although it is inherently clear that this should be "Boston, MA."

Prompt consideration of this Information Disclosure Statement and the references by the Examiner is requested.

Respectfully submitted,
